

2016 State Legislative Visits Talking Points May 17, 2016

The following are talking points to share during your legislative visits:

- Supplemental Equipment Grants:
 - Please share with your Legislators the positive impact the grants have provided for your CTC/school.
 - Ask them to renew the line item in the 2016 budget. (\$3 million for CTE Equipment Grants.)

- Request the Legislator to please keep CTE in mind when future formula changes occur to ensure students have no deterrence in enrolling/participating at the CTCs.

- Most important – Offer an invitation to have the Legislator visit your CTC/school.

Once you have completed your visits please e-mail a brief overview of the visits to John Pulver at johnpulver21@gmail.com .
