

Here is our list of inspection items. Thank you for your input!

Inspection of the outside of the facility

- 10:20:40 From Bryan Boyd : Trip hazards
- 10:20:56 From Amy : clean work space
- 10:21:02 From cmarshall : I ran into a new situation last year at a small auto repair shop. In the breakroom, there were lots of pictures of half naked women laying on cars on the wall. I didn't approve the site. I didn't think it was appropriate for students to see that stuff.
- 10:21:05 From Bryan Boyd : Spills
- 10:21:07 From Bob Moore : organized work area
- 10:21:10 From Curt Turner : First aid kit
- 10:21:31 From dacikillinger : I look at the outside of the facility for hazards also
- 10:21:39 From Curt Turner : Procedure to follow if accident occurs
- 10:21:51 From Carolyn Chupko : sanitation procedures
- 10:21:58 From Dolly Oden : signs
- 10:21:59 From Edward M. Trbuza : smoking in the building
- 10:22:00 From cynspencer : ordors
- 10:22:01 From dharnish : Would this help:
https://docs.google.com/document/d/1vvpxCC1oTeo1j3Pzk7Ur57e11hxIO5Z3qmmKEV54_IY/edit?usp=sharing
- 10:22:08 From Curt Turner : Special COVID procedures
- 10:22:11 From Bob Moore : lines clearly marked work station
- 10:22:22 From Amy : general flow from one job area to another
- 10:22:25 From dharnish : I just created a shared Google Doc that perhaps everyone can begin typing in...? If that would work/help out Maria...
- 10:22:30 From Curt Turner : Evacuation plan
- 10:22:33 From Amy : organization of materials
- 10:22:34 From Ashley : emergency plans such as evacuation routes
- 10:22:36 From Carolyn Chupko : waste disposal
- 10:22:57 From cynspencer : lighting
- 10:22:58 From Brittney Mckenna : access to restroom and restroom cleanliness
- 10:23:00 From Edward M. Trbuza : fire extinguishers
- 10:23:15 From Curt Turner : PPE required for workers
- 10:23:15 From Brittney Mckenna : exits clearly marked
- 10:23:34 From Alicia Burns : dirty dishes / wet counters in lunch room
- 10:23:36 From Amy : hazardous material disposal clearly marked
- 10:24:01 From Alicia Burns : multiple exits
- 10:24:03 From Brittney Mckenna : clear pathways
- 10:24:04 From Edward M. Trbuza : well lit
- 10:24:05 From Dolly Oden : clear walkways
- 10:24:07 From Carolyn Chupko : walkways
- 10:24:09 From Curt Turner : clutter
- 10:24:11 From Bryan Boyd : Emergency exits are marked and clear
- 10:24:23 From Brittney Mckenna : accessible entrance and exits
- 10:24:26 From Carolyn Chupko : exit routes clearly marked

10:24:27 From Curt Turner : Communication options if accident occurs
10:24:31 From Bob Moore : well maintained, painted no broken windows , railings
10:24:32 From Brittney Mckenna : wheelchair accessible if applicable
10:24:40 From dacikillinger : lockout/tagout
10:24:43 From Edward M. Trbuza : guards are in place on machines, emergency stop buttons
10:24:50 From Bob Moore : gaurds are in place
10:24:55 From Ashley : machines working properly or under repair
10:24:55 From Carolyn Chupko : lighting
10:25:00 From Brian Tomko : lighting and exits
10:25:09 From Amy : hazards clearly marked with paint, signs, taped areas
10:25:14 From Curt Turner : Security/access to facility
10:25:19 From Amy DeLellis : securtiy
10:25:21 From fitzt : Security Cameras are always a plus in my checks
10:25:23 From cynspencer : snow removal, cut grass
10:25:40 From Bryan Boyd : The building appears to be in safe condition
10:25:46 From Amy : Right now. . .temperature check areas designated
10:25:52 From fitzt : Numerous Exits, Eyewash Stations, First Aid Kits, Emergency Phones
10:25:55 From Brian Tomko : depends on the neighborhood
10:26:51 From cynspencer : wheel chair ramps
10:26:56 From Brittney Mckenna : wheelchair accessible, clear paths
10:27:05 From Brittney Mckenna : rest room access
10:27:15 From Bob Moore : Handicap parking
10:27:16 From cynspencer : working door bells and door handles
10:27:17 From Curt Turner : Check in/out procedures
10:27:17 From dacikillinger : items are not blocking doorways
10:27:18 From Bryan Boyd : Railing on steps
10:27:23 From Carolyn Chupko : electrical cords etc are out of way of walkways
10:27:35 From Brian Tomko : clear walkways are a must
10:27:44 From Brittney Mckenna : height of soap dispensers, sanitizer considerate for students in wheelchairs
10:27:51 From Brian Tomko : space around workstations
10:28:21 From Brian Tomko : well lit, not shadows in work area
10:28:28 From cynspencer : in good working condition, no hanging wires
10:28:36 From Carolyn Chupko : in stairwells as well
10:28:38 From Amanda Smith-Derck : exit signs are lit up
10:28:52 From Curt Turner : Emergency lights for power outage
10:29:02 From Amy : well lit parking lot in remote areas
10:29:37 From Amanda Smith-Derck : ear protection in machinery
10:29:48 From Brian Tomko : ear protection and communication when it is being used
10:30:05 From cmarshall : Compliance signs about ear protection
10:30:25 From Alicia Burns : policies about accessing cell phones during work

10:30:47 From Amy : supervisor wear ear protection not just hang it around the neck and expect me to as well

10:31:24 From Carolyn Chupko : sufficient ventilation for operator visibility

10:31:36 From Bryan Boyd : Proper ventilation in areas where the air quality is poor. Use of PPE in those areas.

10:31:39 From Carolyn Chupko : also masks if necessary

10:31:43 From Curt Turner : Cleaning/service/inspection intervals of the vent system

10:31:52 From fitzt : No Smoking/ Vaping inside

10:31:52 From dacikillinger : exhaust system is operating properly

10:32:31 From Brian Tomko : fumes and/or dust particulates

10:32:40 From Carolyn Chupko : prevention measures for contaminants of adjacent work areas

10:32:48 From dacikillinger : Ask to see the inspector report from the last time the exhaust system was cleaned

10:33:00 From Bob Moore : how dirty is the ventilation equipment is there a fresh air brought into work space

10:33:20 From Brian Tomko : would temperature concerns fit here?

10:33:59 From Brian Tomko : nonslip shoes?

10:34:15 From Bob Moore : no

10:34:19 From Carolyn Chupko : cleaning methods where ignition sources are present

10:36:05 From Curt Turner : MSDS (old nomenclature) report for the facility

10:49:45 From Kim Letourneau : A great resource: Youth@Work - Talking Safety Curriculum (NIOSH)

10:51:00 From Lisa Hughes RMCTC : Thank you Kim!

10:56:48 From Samantha Pittman : is there something being developed so that we can all use something similar as cooperative ed coordinators?
