PIL Program: *Improving the Achievement of Special Education Students in Reading, Math and Career and Technical Education*

TARGET AUDIENCE: Career and Technical Supervisory and Administrative Personnel

DATE: September 13–14, 2011 (Initial Session)

LOCATION: Nittany Lion Inn, State College

REQUIRED FOR: Cohort III schools must send 1 to 3 participants at no cost
Cohort II schools may send 1 participant at no cost

DESCRIPTION

The purpose of this PIL program is to provide Career and Technical Education (CTE) administrative staff with the special education knowledge and skills to work with instructors to improve the achievement of career and technical education students with IEPs in math, reading and CTE. The 45-hour program will include 14 hours of instruction during the initial session, four hours of on-line instruction, 23 hours of job-embedded assignments, and a four-hour culminating session. This PIL addresses Core Standard III (Ability to access and use appropriate data for informed decision-making) and Corollary Standard I (Creating a culture of teaching and learning with an emphasis on learning). Specifically, this PIL will provide instruction on creating data driven instructional decisions based on a legally and accurate IEP. The learning-focused PDE Standards Aligned System will be an integral component of this PIL program.

Participants will learn how to utilize IEP-based knowledge to create a culture of teaching and learning among CTE instructors. Participants will be able to explain the legal requirements of an IEP and explain how to serve on an IEP team. The Pennsylvania Department of Education IEP form will be a focal point of instruction. Specifically, CTE instructors will learn of their professional and ethical obligations to the student with an IEP by adhering to the requirements in the IEP. Participants will also understand Specially Designed Instruction (SDI) and how to implement it based on the student's needs identified in the IEP. Progress Monitoring will also accompany the SDI instruction so participants will understand how to track student progress in meeting the learning requirements of the IEP.

At the conclusion of the PIL, participants should be able to:

- Identify targeted levels of student achievement
- Work with teachers to create SDI for students based on needs identified in the IEP
- Implement Progress Monitoring
- Analyze data derived from Progress Monitoring to determine the effectiveness of the SDI
- Provide instructional modifications based on student achievement data

Act 45 and 48 Credits

This PIL is approved for Act 45 credit for those who are required to earn PIL credits. It is also approved for regular Act 48 credits for those who are not required to earn Act 45 credits. Act 45 and 48 credits will be awarded upon completion of the entire program.

Date and Location

The initial session for this PIL will be offered on September 13 and 14, 2010 at the Nittany Lion Inn. Tuesday, September 13 will run from 9:00 a.m. to 5:00 p.m. and Wednesday, September 14 will run from 8:00 a.m. to 4:00 p.m.
