Quality career and technical education is an essential part of America's workforce development system. This conference will focus on providing career and technical education leaders with the information and skills to help them meet those challenges. In addition to outstanding general session speakers, participants will be able to choose from a variety of small group sessions. Small group sessions are your chance to present your best practices and programs. The small group sessions are one hour sessions scheduled from 1:00-4:30 PM on July 28, 2011. A Request to Present form is attached. If you are interested in presenting at the Summer Conference, please complete the form and return it to John Pulver at the address or e-mail below no later than May 20, 2011 .
